Fee Descriptions

Instructional Fee: This fee is uniformly charged to all students for educational and associated operational support of the institution.

General Fee: This fee is uniformly charged to all students for non-instructional services.

Non-Resident Surcharge: Students who are non-residents of the State of Ohio will be assessed a non-resident tuition surcharge. The State of Ohio provides a tuition subsidy for residents of Ohio, which is largely funded by the taxpayers of Ohio. In order to receive the Ohio residency for tuition purposes, a student would have to prove that they meet the qualifications set by the Ohio Department of Higher Education in the Ohio Administrative Code, Chapter 3333.1.10 and Ohio Revised Code, Chapter 3333.31. For more information, please go to [Ohio Residency for Tuition Purposes](#). Ohio residents who fail to prove their registration with the Selective Service System will also be assessed a non-resident tuition surcharge.

Program Fee: Program fees fund education-related components of the program. Contact the program director for more information on the purpose and use of these fees.

Specialized Services and Materials Fee: This required fee is program-specific and provides funding for specialized materials and services. This fee does not cover the cost of textbooks or basic educational supplies. Consult with the program director for more information on the purpose and use of these fees.

Technology Fee: This fee is college-specific and supports instructional technology and other equipment and supplies used to enhance student learning within that particular college.

Student Info System/Network Fee: This fee supports improved access to and assistance with information technology to enhance student learning.

These rates have been approved by the Ohio University Board of Trustees and are subject to change pending tuition limitations by the Ohio General Asseble.
